Dear Maria,

Please accept the following written comment/question in advance of Joe LaClair's Zoning Hearing Officer Meeting on 2/1/24:

**If it is decided that both the AT&T and Verizon projects are exempt from the CEQA, how will safe guidelines for exposure and proximity to radiation and electromagnetic fields be determined and monitored for residents of Menlo Park?**

Could you please let me know where to retrieve all materials and the administrative record related to the meeting?

Best regards,  
Kristina Cristofoli
